

**Date:** October 24, 2008

**Audience:** NYSE Arca and NYSE Amex customers, Technology Teams

**Subject:** Connectivity Updates

**Highlights:** Important Updates to Current Connectivity Specs for NYSE Amex and NYSE Arca 3.0

**Summary:**

**Client Connectivity to NYSE Arca FIX Gateways, ArcaDirect, mmDirect, ArcaBook:**

Customers who currently have connectivity to NYSE Arca Options will be required to make slight modifications to interact with the NYSE Amex Options (Feb 09) platform and NYSE Arca 3.0 platform (Jan 09).

Please use the links below to access the updated version of each Spec listed:

**Arca FIX Gateway specification:**

[http://www.nyse.com/pdfs/FIX\\_Specification\\_and\\_API.pdf](http://www.nyse.com/pdfs/FIX_Specification_and_API.pdf)

**ArcaDirect gateway specification:**

[http://www.nyse.com/pdfs/ArcaDirect\\_Specification\\_Equities\\_and\\_Options\\_3\\_2.pdf](http://www.nyse.com/pdfs/ArcaDirect_Specification_Equities_and_Options_3_2.pdf)

**ArcaBook Multicast specifications:**

[http://www.nyse.com/pdfs/ArcaBook\\_Specification\\_for\\_Options.pdf](http://www.nyse.com/pdfs/ArcaBook_Specification_for_Options.pdf)

[http://www.nyse.com/pdfs/ArcaTrade\\_Spec\\_Options.pdf](http://www.nyse.com/pdfs/ArcaTrade_Spec_Options.pdf)

**PLEASE NOTE:** The 3.0 Version of mmDirect is applicable for NYSE Amex. There are 2 versions of the spec on the website. For the 3.0 Version, please follow the link provided here.

**MMDirect specification for NYSE Arca 3.0 and NYSE Amex:**
